

The first two days of the summer school will be dedicated to lectures and one workshop and the three last days to soft skill trainings.

**Conferences´ and workshop topics:**

- Bioethics
- Good scientific practice
- Biodiversity
- High value products

For attending the conferences and the workshop please apply until **24<sup>th</sup> August 2016** at [info@sciencecampus-halle.de](mailto:info@sciencecampus-halle.de)

The ScienceCampus Halle Plant-Based Bioeconomy focuses its research and teaching activities on the production of cultivated plants, on the use of renewable plant-based raw material to create food, feed and fibers and on their potential economic and social impacts.

# BIOECONOMY SUMMER SCHOOL

2016

© Marcus Scholz

© Nadja Sonntag

© Michael Deutsch

**Soft skill courses´ topics:**

- Scientific writing
- Media training
- Rethoric skills

Soft skill courses are directed at graduate students and postdocs. Participation is expected for the entire program (two soft skill courses and all conferences).

For attending the complete summer school please apply until **24<sup>th</sup> August 2016** at [info@sciencecampus-halle.de](mailto:info@sciencecampus-halle.de)

Participation is free of charge.

The BioEconomy Cluster aims at promoting the material and energetic use of biomass through innovative processes used production of materials, platform chemicals, products and energy carriers on the basis of renewable non-food resources like beech wood.

## BioEthics, Biodiversity and High Value Products in Bioeconomy

05<sup>th</sup> - 09<sup>th</sup> September 2016 | Halle (Saale)  
Venue: Martin Luther University Halle-Wittenberg

## Program: 05<sup>th</sup> September

### 09:15 Welcome

MLU - Hörsaal 3.28, Von-Seckendorff-Platz 1, Halle (Saale)

### Lectures: Ethics in Bioeconomy

MLU - Hörsaal 3.28, Von-Seckendorff-Platz 1, Halle (Saale)

**09:30** Dr. S. Odparlik, Leibniz Institute of Plant Genetics and Crop Plant Research

*Overview of discourses about plants in bioethics*

**10:15** Prof. Dr. K. Senge, Martin Luther University Halle-Wittenberg

*How can expansion, prosperity and sustainability be conceived together?*

**11:00** Break

**11:15** Prof. Dr. N. Hirschauer, Martin Luther University Halle-Wittenberg

*Business ethics and corporate social responsibility*

**12:00** Lunch

### Workshop

MLU - Hörsaal 3.28, Von-Seckendorff-Platz 1, Halle (Saale)

**13:00** H. Nolte, CoachInScience

*Good scientific practice and the day-to-day research*

**17:00** End

## Program: 06<sup>th</sup> September

### 09:00 The ScienceCampus Halle

MLU - Hörsaal 3.28, Von-Seckendorff-Platz 1, Halle (Saale)

### Lectures: Biodiversity in Bioeconomy

MLU - Hörsaal 3.28, Von-Seckendorff-Platz 1, Halle (Saale)

**09:30** Dr. M. Gerber, BASF

*Modern agriculture and biodiversity*

**10:15** Break

**10:30** Dr. O. Purschke, German Centre for Integrative Biodiversity Research

*Causes and consequences of biodiversity in a changing world*

**11:15** Prof. Dr. T. Herzfeld, Leibniz Institute of Agricultural Development in Transition Economies

*Biodiversity and agricultural policy*

**12:00** Lunch

### 13:00 The BioEconomy Cluster

### Lectures: High Value Products in Bioeconomy

MLU - Hörsaal 3.28, Von-Seckendorff-Platz 1, Halle (Saale)

**13:30** Dr. R. Busch, BioEconomy Cluster

*High value products through industrial biotechnology*

**14:15** Break

**14:30** to be announced, Zellstoff Stendal

*The kraft pulping process*

**15:15** Dr. A. Bulc, Global Bioenergies

*Commodities vs. high value products*

**16:00** Concluding remarks

## Program: 07<sup>th</sup> – 09<sup>th</sup> September

Compulsory registration:  
[info@sciencecampus-halle.de](mailto:info@sciencecampus-halle.de)

### 07<sup>th</sup> September: Soft Skill courses

MLU - Seminarraum 0.03, Von-Seckendorff-Platz 1, Halle (Saale)

**09:00-17:00** Scientific writing, L. Mannion (in English)
